

The submitted papers should be in line with the topics of the Journal, with significant innovation and originality, being the result of a research work

- (1) The review , research notes and technical notes are not published in this journal.
- (2) The papers that have been published elsewhere (Journals, Conference proceedings, etc. ...) are not reviewed and published in this journal.
- (3) The abstract should be in a range of 150 - 250 words
- (4) The manuscripts should be written in fluent English with no need for severe editing.
- (5) At least 3 and maximum 5 keywords should follow the abstract
- (6) The endnotes should be presented at the end of the manuscript before the references.
- (7) Equations should be numbered. Low quality equations, figures and tables which are copied and pasted from other documents, are not accepted
- (8) Authors should necessarily submit plagiarism report along with the research paper.
- (9) Citations:
 - References should be cited within the manuscript, according to the surname of authors and date of publication, in brackets. Example: **[Ghannadpour, 2019]**
 - In case the number of authors of a reference exceeds 3, citation must be made like this example: **[Rassafi et al. 2017]**
 - **List of references** should be alphabetically arranged according to the first author's surname. Do not put numbers for references.
 - In the list of references, all the authors of a reference should be given, no matter how many authors a reference has.
 - The date of publication of each reference should follow the names of authors, in parenthesis. **Example: Tavakkoli Kashani, Ali and Besharati, Mohammad Mehdi (2016)**
 - The title of the reference should be given in quotation mark " ", in small letters, except the first word and the names.
 - In case the reference is a Journal paper, the exact name of the journal should follow the title, and then the Volume number and issue number as well as the pages should be given.
 - Example of a standard reference:
 - **Tavakkoli Kashani, Ali and Besharati, Mohammad Mehdi (2016) " An analysis of Vehicle Occupants' injury severity in crashes occurred on rural freeways and multiple highways in Iran", International Journal of Transportation Engineering, Vol. 4, No. 2, Autumn 2016, pp. 137-146.**
